Tuesday Morning, 6/7/16

Aaron and Austin - I'm sending this email on behalf of Thomas who just called on his way to the hospital. His foot was run over by a car entering the Highline entrance off of 240th as he was crossing the sidewalk entrance. He is headed to the hospital right now to be checked out. He will have medical documentation, plus a police report to substantiate his absence. He called 911 and they are trying to locate the driver who sped up and left the scene. As I shared with him it was important to be checked out to assess the injury and that you would certainly understand why he would not be present in class today. L.

Hello,

I will do my best to be in tomorrow. The ER just called and informed me that I do have a very small fracture, but that I should be fine to return to school. See you tomorrow and will stop by both of your office hours to bring work/discuss things.

Thank you Linda for diligently relaying messages as always.

I do not have documentation from the hospital, but I do have the police report that I'll bring, but it is the only copy I have, so there is that.

Thomas

Thank you,

Thomas Muething
